03 November 2021

Subject: Controlled Flights Into Terrain (CFIT) Workshop – Virtual, 15 to 16 December 2021

Action Required: Reply by 26 November, 2021.

Dear Sir/Madam,

I wish to inform you that a Controlled Flights Into Terrain (CFIT) Workshop is planned to be conducted from 15 to 16 December 2021, under the auspices of the two ICAO Regional Offices (WACAF and ESAF) and Kenya as the RASG-AFI Champion for Emerging Safety Issues. Due to the persistent COVID-19 pandemic, the Workshop will be conducted virtual.

States are urged to attend this important workshop aiming at further strengthening of actions, mitigation measures and initiatives related to reducing the risk of a CFIT occurrence.

The target participants include civil aviation inspectors in operations of aircraft, personnel licensing and training, aircraft accidents and incidents investigators, pilots, instructors and other operations personnel from air operators and training organizations. In this regard, your administration is kindly requested to extend this invitation letter to the targeted participants and relevant organisations.

A draft agenda of the meeting and detailed work programme will be provided in due course. Documents for the meeting will be accessible online at: <https://www.icao.int/WACAF/Pages/meetings.aspx>.

Confirmation of participation to the workshop should be done at your earliest convenience, preferably not later than **26 November 2021**, by completing an online registration process at: <https://icao.zoom.us/meeting/register/tJwscumpqj4vGNWDAIprR2AaVxNL9F3rePWY>

Yours sincerely,

Barry Kashambo
Regional Director
