# Safety first, in everything we do

Safe  
aircraft

Safely  
operated

Safe air  
transport system

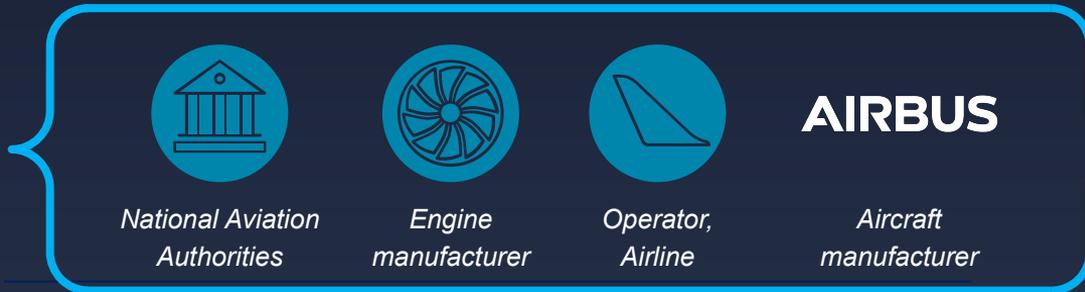

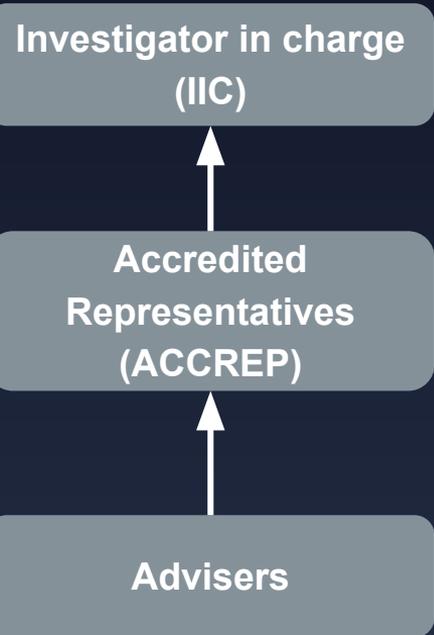

Safety is the foundation of our business at Airbus, and encompasses all activities to prevent incidents and accidents involving Airbus products and services, to manage such events when they occur, to draw lessons learned and implement change as appropriate.

# Commission of Investigation

- ICAO Safety Investigation Agencies nominate an Investigator In Charge and Accredited Representatives
- Airbus acts as Advisors to the French BEA or TSB of Canada
- We share this role of Advisors with other investigation parties like the operator, national airworthiness authorities, the engine manufacturer, etc
