For harmonized SIGMET Information ^{1/2}

- **Check and align** your regulation related to the provision of SIGMET Information with ICAO related SARPs
- **Identify and formally establish coordination arrangements** with neighboring MWOs States for the provision of SIGMET information.
- **Develop, approve and implement operational procedures/process, work instructions and directives** related to the provision of SIGMET Information.
- **Train and implement a process for maintaining competency** of MET personnel in charge of and other technical staff involved in the provision of SIGMET Information.
- **Develop and implement quality assurance** of SIGMET Information.

For harmonized SIGMET Information ^{2/2}

- **Collaborate for the interoperability** of systems and equipment used for the exchange of SIGMET Information
- **Plan and participate** in the AFI Regional Annual SIGMET Tests
- **Implement and verify the effectiveness of the corrective actions** resulting from the SIGMET Tests.
- Promote **the exchange of forecasters** to share experiences and best practices.
- Ensure the **alignment of the responsibility area of MWOs** with the **potential restructuring of airspaces** affecting the extent of FIRs.

Thank You!
