INTERNATIONAL CIVIL AVIATION ORGANIZATION

A UN SPECIALIZED AGENCY

Workshop on the Vol I and II of the AFI
eANP and the Management of the Air
Navigation Deficiencies

(Dakar, 22 – 16 April 2024)

Scope of amendment and sample of PfA

The Secretariat

ICAO WACAF Office

- **Introduction**
- **Inter Volumes consistency of PfA**
- **Inter Areas consistency of PfA**

Introduction

- The Procedure for the Amendment of the Regional Air Navigation Plans, as approved by Council on 18 June 2014, is provided in **Appendix A** of the **Volume I** of the AFI eANP.
- The Assembly has resolved that regional plans should be revised when it becomes **apparent** that they are **no longer consistent** with **current and foreseen requirements** of international civil aviation.
- When the **nature** of a **required change** permits, the associated **amendment** of the regional plan should be **undertaken by means of correspondence** between the Organization and the States and international organizations concerned.
- When a **State cannot immediately implement** a **particular part** or a **specific detail** of the regional plan although it intends to do so, when practicable, **this should not lead to the State proposing an amendment** to the plan.

Inter Volumes consistency of PfA

- The general structure of the regional plans for the parts which concern an air navigation field in Volumes I and II consists of an “**Introduction**”, “**General Regional Requirements**” and “**Specific Regional Requirements**”.
- As the section “**General Regional Requirements**” is harmonized for **all regions**, an amendment of the provisions (text) in “General Regional Requirements” will lead to amendment of Volumes I and II of **the regional plans of all regions**.

Inter Volumes consistency of PfA

- When proposing an amendment to the eANP, the **consistency of tables content** should be observed **across Volume I and Volume II**.
- State to ensure consistency between **TABLE AOP I-1** and **Table AOP II-1**.

TABLE AOP I-1 – INTERNATIONAL AERODROMES REQUIRED IN THE AFI REGION

Location Indicator	Name of City/Aerodrome	Designation
ZZZZ	Anywhere / Any airport International	RS

TABLE AOP II-1 – REQUIREMENTS AND CAPACITY ASSESSMENT IN INTERNATIONAL AERODROMES IN THE AFI REGION

City/Aerodrome/Designation
ZZZZ Anywhere / Any airport International RS		

Inter Areas consistency of PfA

- The proposal for amendment will be made by the States/organizations in AOP, ATM, SAR, CNS, AIM and MET areas.
- It is important to keep in mind that an amendment made in one area by a State, **may affect other areas** and **even other States within the same volume.** .
- For instance, if a **State A**, through its proposal for amendments (PfA) remove aerodrome(s) from *Table AOP I-1 on the International Aerodromes required in The AFI Region*, that may have **an impact** in ATM, CNS, AIM, MET and SAR areas of the State. In addition, the **other States** should also be informed of this significant amendment which may require actions from them.

Inter Areas consistency of PfA

- When proposing an amendment to the **Volume II** of the eANP, the **consistency of tables content** should be observed **across** all the **areas**: **AOP**, **CNS**, **ATM**, **SAR**, **MET** and **AIM**.
- Ensure consistency between **TABLE AOP II-1** and **Tables CNS II-4, CNS II-AFI-1**.

TABLE AOP II-1 – REQUIREMENTS AND CAPACITY ASSESSMENT IN INTERNATIONAL AERODROMES IN THE AFI REGION

City/Aerodrome/Designation
ZZZZ Anywhere / Any airport International RS		

TABLE CNS II-4 - HF NETWORK DESIGNATORS APPLICABLE FOR THE AFI REGION

Location Indicator and Name of Location
ZZZZ Anywhere / Any airport International		

Inter Areas consistency of PfA

- Ensure consistency between **TABLE AOP II-1** and **Tables MET II-1, MET II-2**.

TABLE AOP II-1 – REQUIREMENTS AND CAPACITY ASSESSMENT IN INTERNATIONAL AERODROMES IN THE AFI REGION

City/Aerodrome/Designation
ZZZZ Anywhere / Any airport International RS		

TABLE MET II-1 - METEOROLOGICAL WATCH OFFICES

FIR or CTA Where Meteorological Service is Required		Responsible Meteorological Watch Office	
Name	Location Indicator	Name	Location Indicator
Anywhere / Any airport International	ZZZZ	Anywhere / Any airport International	ZZZZ

Thank You!
