How do we achieve change?

Create Communities

The Forum gathers leaders from business, government, international organizations, academia, civil society and youth to work together to drive positive change.

Shape agendas and mindsets

Flagship reports, policy frameworks and strategies influence government priorities, business strategies and public opinion.

Execute Projects

Partners drive collective action through commitment to multi-stakeholder initiatives. Projects and collaborations started or supported by the Forum impact millions of people.

e.g., *Drones and Tomorrow's Airspace*, *Clean Skies for Tomorrow*, *Space Sustainability Rating*
