Open for International Travel Without COVID-19 Testing Required (121 Member States)
Updated on 18 May, 2022

Albania	Effective May 1, 2022, the Government of Albania repealed COVID-19-related entry requirements.	https://al.usembassy.gov/updates_covid19/
Algeria	From 20 March 2022, entry to Algeria requires evidence of a vaccine pass issued less than nine months before travel, or a negative PCR test taken less than 72 hours before the time of arrival for unvaccinated people, and those whose vaccine pass was issued over nine months before travel.	https://www.gov.uk/foreign-travel-advice/algeria/entry-requirements
Andorra	The Andorran authorities have taken no measures to close the borders and movement into the country. The Government of Andorra is therefore currently applying no restrictions on entering the country, nor on the movement of people and vehicles around its territory.	https://visitandorra.com/en/covid-19-in-andorra/faq-if-you-re-spending-a-few-days-in-andorra/
Antigua and Barbuda	Fully vaccinated arriving passengers are not required to present a PCR/Rapid Antigen Test negative result to be permitted entry into Antigua and Barbuda, (unless they show symptoms of possible infection). This includes transiting passengers.	https://visitantiguabarbuda.com/travel-advisory/
Argentina	Travelers are not required to provide proof of a negative COVID-19 test result before traveling to Argentina.People who have an incomplete vaccination schedule are recommended to have a diagnostic test within 24 hours of their entry into the country.	https://www.argentina.gob.ar/interior/migraciones/ddjj-migraciones
Armenia	According to the amendments of the Government Decree: № 1514-N of September 11, 2020, which entered into force on May 1, 2022: The passengers are NO LONGER REQUIRED to present a COVID-19 PCR test or a Certificate of complete vaccination against COVID-19 to enter the Republic of Armenia.	https://www.gov.am/en/covid-travel-restrictions/
Aruba	Since March 19th, travelers are no longer required to present a COVID-19 negative test result or proof of vaccination. Some health protocols still apply.	https://www.aruba.com/us/traveler-health-requirements
Australia	Changes to the requirements for travel into and out of Australia came into effect on 18 April 2022. The Australian Government no longer requires people travelling to Australia to have a COVID-19 test before travel.	https://www.health.gov.au/health-alerts/covid-19/international-travel/inbound
Austria	Since 16 May, proof of vaccination/recovery or a test are no longer needed.	https://www.austria.info/en/service-and-facts/coronavirus-information/entry-regulations
Azerbaijan	The Cabinet of Ministers announced that, beginning April 15, 2022, the need for a negative PCR test for entry to Azerbaijan is eliminated.	https://az.usembassy.gov/covid-19-information-for-azerbaijan/
Bahrain	Starting from 20 February 2022, All passengers arriving in the Kingdom of Bahrain do not need to conduct a PCR test upon arrival.Cancellation of the precautionary quarantine for all passengers arriving in the Kingdom of Bahrain.	https://healthalert.gov.bh/en/article/entry-procedures-through-kingdom-of-bahrain

Country	Requirements	Source
Bangladesh	1) Vaccinated with Covid-19 vaccine:Travelers completed full dose (single/double dose as applicable for a full dose) of WHO approved Covid-19 vaccine can enter Bangladesh with the official proof of certification of vaccination and no RT PCR based COVID-19 negative certificate is required. 2) Not vaccinated with Covid-19 vaccine:Travelers without having full dose (single/double dose as applicable for a full dose) of Covid-19 vaccine can enter Bangladesh if they possess RT PCR based COVID-19 negative certificate done within 72 hours of departure time	http://caab.gov.bd/circul/FSR%2001-2022.pdf
Belarus	There are no restrictions on entry into Belarus for citizens of Belarus, foreign citizens and stateless persons.	https://gpk.gov.by/covid-19/
Belgium	For all travel to Belgium, persons whose primary residence is not in Belgium must have a valid and recognized vaccination or recovery certificate or negative test result.A digital EU-COVID certificate or other certificate in Dutch, French, German or English, indicating that a PCR test with negative result was performed in an official laboratory not more than 72 hours before arrival on the Belgian territory, or a Rapid Antigen Test (RAT) with negative result performed by a professional within 24 hours before arrival on the Belgian territory	https://www.info-coronavirus.be/en/faq/#006
Belize	Effective March 1, 2022, fully vaccinated travellers no longer require a negative test but must show proof of vaccination for entry into Belize's airport, land borders or sea ports.If unable to show proof or if unvaccinated, the traveller must present proof of a negative PCR result taken within 72 hours of arrival or a negative Antigen Rapid test taken within 48 hours of arrival. A test can be administered by the Ministry responsible for health at the airport. Every child under the age of 5 years shall not be subjected to testing for SARSCoV2 upon entry into Belize through airport, land or sea port.	https://belizetourismboard.org/news-and-gallery/belize-covid-19-travel-updates/
Bolivia	The national government announced on 29 April the relaxation of prevention measures against COVID-19 for the entry of foreigners into the country, now they must only present a vaccination certificate with a complete scheme or failing that, a negative PCR test in real time.	https://www.minsalud.gob.bo/

Bosnia and Herzegovina	A foreigner who meets the conditions for entry into Bosnia and Herzegovina prescribed by the Aliens Act may enter Bosnia and Herzegovina if he presents one of the following evidence at the border crossing point of Bosnia and Herzegovina:
	  1)negative finding of a PCR test or rapid antigen test for SARS-CoV-2, which is not more than 48 hours old if it comes from european countries, and if it comes from other countries, which is not more than 72 hours old until arrival at the border crossing of Bosnia and Herzegovina,
	  2)vaccination certificate for a person who received a second dose of the COVID-19 vaccine more than 14 days ago from the date of arrival at the border crossing of Bosnia and Herzegovina or was vaccinated with one dose 14 days ago and more than the day of arrival at the border crossing of Bosnia and Herzegovina, in the case of a vaccine received in one dose,
	  3)a certificate issued by a doctor that he has survived COVID-19 in the past period from 14 days to 180 days from the date of arrival at the border crossing of Bosnia and Herzegovina.
		http://www.granpol.gov.ba/Content/Read/76?title=Stranci

Bostswana	Fully vaccinated travelers with proof of a booster dose do not need to present negative COVID-19 test results.Others are required to show proof of a negative PCR COVID-19 test within 72 hours of travel and must submit to vaccination on arrival at the Port of Entry.	https://bw.usembassy.gov/covid-19-information/
Brazil	Fully vaccinated travelers are not required to present proof of negative COVID-19 test results before traveling to Brazil.	https://www.in.gov.br/en/web/dou/-/portaria-interministerial-n-670-de-1-de-abril-de-2022-390351794
Bulgaria	As of 1 May 2022, the restrictions on entry into the territory of the Republic of Bulgaria are lifted.	https://coronavirus.bg/bg/az-sum/zavrashtam-se-bulgaria

Country	Details	Link
Cambodia	As of March 17 2022, the Royal Government of Cambodia has officially decided as follow: 1)Waiving the requirement for the Negative 72-hour certificate of COVID-19 PCR Test Result prior to arrival in Cambodia. 2) Waiving the requirement for Antigen Rapid Test upon arrival. 3) Reopening the Visa On Arrival service for all international travelers by air, land and sea by meeting the immigration requirements as previously implemented prior to the global pandemic of COVID-19.	https://www.embassyofcambodiadc.org/embassy-updates/pr-no-098-easing-of-entry-requirements-march-17-2022
Canada	Starting April 1, 2022, pre-entry tests are no longer required for fully vaccinated travellers entering Canada by land, air or water. Unvaccinated and partially vaccinated children 5 years of age or older must provide a valid pre-entry test result, even if they are accompanying a fully vaccinated adult. Children who are less than 5 years old are not required to test, regardless of their vaccination status.	https://travel.gc.ca/travel-covid/travel-restrictions/flying-canada-checklist/covid-19-testing-travellers-coming-into-canada?utm_campaign=gac-amc-covid-20-21&utm_source=travel-covid_travel-restrictions_flying_&utm_medium=redirect&utm_content=en
Cape Verde	If you're fully vaccinated, you can enter Cape Verde without needing to test or quarantine but you will need to present proof of your vaccination status when you check-in for your flight to Cape Verde. If you're not fully vaccinated, you'll need to show proof of a negative PCR test (taken no more than 72 hours before you travel) or an antigen test (taken no more than 48 hours before you travel) when you check-in for your flight to Cape Verde. If you're not fully vaccinated but have tested positive for COVID-19 in the last year, you can enter Cape Verde with a COVID-19 recovery certificate showing you recovered from COVID-19 no less than 11 days and no more than 180 days before you travel.	https://www.gov.uk/foreign-travel-advice/cape-verde/entry-requirements
Chad	If you're fully vaccinated, you can enter Chad without needing to test or quarantine.You must present proof that you have been fully vaccinated to enter Chad.If you're not fully vaccinated, you'll need to show proof of a negative PCR test (taken no more than 96 hours before entry) in order to enter Chad.	https://www.gov.uk/foreign-travel-advice/chad/entry-requirements
Cook Islands	From 1 May, pre-departure testing has been removed for all international arrivals	https://cookislands.travel/entry
Colombia	International travelers who entered Colombia should not present a negative PCR test to enter the country. They only have to do their Check-Mig registration 24 hours before their flight at the following link: migracioncolombia.gov.co.	https://colombia.travel/en/covid-19-information
Costa Rica	Starting April 1, the temporary migration measures established in the framework of the national health emergency due to COVID-19 are repealed.	https://www.visitcostarica.com/en/costa-rica/planning-your-trip/entry-requirements
Croatia	Croatia removed all border crossing restrictions, notably the requirement for non-EU citizens to present a COVID-19 certificate or proof of vaccination for entry to Croatia. There are no longer any COVID-related restrictions for entry to Croatia.	https://hr.usembassy.gov/covid-19-information/
Cuba	In accordance with the international and national epidemiological situation of COVID-19 and the levels of immunization achieved, it has been decided to make the following modifications to the entry requirements to the country as part of the International Health Control. 1) Eliminate as a requirement for entry to the country the presentation of a test for COVID-19 (Antigen Test or PCR-RT) carried out in the country of origin, as well as the certificate of vaccination against COVID-19.2) Maintain the sampling for SARS CoV-2 study (free) randomly to travelers at the points of entry into the country, taking into account the number of flights, the entry of boats and the epidemiological risk represented by the country of origin.	https://www.mintur.gob.cu/protocolos/

Cyprus	Updated 22 April 2022,pre-departure tests are no longer required for persons who are fully vaccinated or recently recovered to entry into Cyprus. Non vaccinated and non recovered persons are required the PCR test 72h or antigen rapid test 24h prior to departure (traveler-paid).	https://www.visitcyprus.com/files/Covid19/COVID-19_Destination_Protocol-updated_22nd_April_2022.pdf
Czech Republic	As of 9th April 2022, the protective measures regarding the conditions of entry into the Czech Republic in relation to the epidemic of covid-19 have been suspended. Entry into the Czech Republic is no longer subject to any special epidemiological conditions to prevent the spread of the disease. The entry-ban for foreigners from third-countries and the obligation to prove infection-free status have been lifted.	https://www.mvcr.cz/mvcren/article/as-of-december-27th-2021-the-rules-for-entry-into-the-czech-republic-will-be-tightened-for-foreign-nationals.aspx
Denmark	There are no COVID-19 related restrictions on entry into Denmark.However, on board airplanes you may be met with requirements regarding COVID-19 certificate, and when visiting homes for the elderly, social institutions and hospitals you may be met with requirements regarding face masks.	https://en.coronasmitte.dk/travel-rules/covidtravelrules
Dominica	As of April 4th, travellers will no longer be required to fill and submit the pre-travel online form. The requirement for pre-arrival testing, and testing on arrival for vaccinated travellers at all ports of entry, including seafarers and yachters, has been removed. Unvaccinated travellers must present a negative PCR Test result from a nasopharyngeal swab taken within 72 hours prior to arrival; Or, a Rapid Antigen Test result from a nasopharyngeal swab taken within 48 hours prior to the expected arrival time in Dominica.	https://discoverdominica.com/en/travel-advisory-for-dominica
Dominican Republic	As of April 23, 2022, all passengers and crew members do not need to present a COVID-19 Vaccination Card, PCR, or antigen test to enter the Dominican Republic or to enter tourist centers, any establishments or to receive services such as excursions.	https://www.godominicanrepublic.com/newsroom/coronavirus/
Egypt	1) All passengers travelling to Egypt (including Egyptians) must be in possession of negative PCR test certificate for COVID-19 with Quick Response (QR) code, taken at a maximum of 72 hours before their flight departure time. 2) It is reported that the Government of Egypt will also allow travelers to enter with proof of a WHO-approved COVID-19 vaccination. The vaccination certificate must comply with the rules of the issuing country and contain a QR code. Note: most U.S. vaccination cards, including those issued by the Centers for Disease Control, do not include a QR code required by the Government of Egypt, and, as a result most U.S. vaccination cards are not accepted by Egyptian authorities. 3) Except for the Janssen / Johnson & Johnson vaccine, two doses are always required. The Egyptian authorities do not recognize vaccination of a recovered person with just one vaccination dose. 4) Passengers travelling from Japan, China, Thailand, North America, South America, Canada, London Heathrow, Paris, and Frankfurt will be allowed to provide the test certificate performed at a maximum of 96 hours prior to flight departure, due to the long travel and transit period from these airports.	https://eg.usembassy.gov/u-s-citizen-services/covid-19-information/
El Salvador	The Government of El Salvador has removed COVID-19 testing/vaccination requirements for entry. Visitors are advised however to bring proof of vaccination with them, as this may be requested for entry into certain events or locations in El Salvador.	https://www.dfa.ie/travel/travel-advice/a-z-list-of-countries/el-salvador/
Estonia	If you are vaccinated against COVID-19 or have had the disease, you must be prepared to submit a respective certificate. In case you don't have a certificate, you must present or do a coronavirus test. The obligation of testing and isolation depends on the level of the risk in Estonia at the time of travelling and the country from which you arrive. All people with symptoms of the disease must self-isolate.	https://kriis.ee/en/travelling-crossing-state-border/travelling-estonia/testing-covid-certificates-self-isolation

Eswatini	As at March 2022, Eswatini is open to all visitors based on the following requirements: Travellers entering and exiting the Kingdom of Eswatini must produce EITHER of the following, upon arrival at the Points of Entry: A valid COVID-19 vaccination certificate (hard or electronic) and must be fully vaccinated. OR A valid negative COVID-19 PCR test result (hard or electronic) that is not older than 72 hours, for the unvaccinated.	https://www.thekingdomofeswatini.com/travel-advice/
Ethiopia	Passengers age 12 and over who have been fully vaccinated against COVID-19 more than two weeks before the date of entry are required to show evidence of this. Accepted vaccinations are a single dose of Johnson and Johnson, or two doses for Astra-Zeneca, Sinopharm, Sinovac, Moderna and Pfizer.Travellers under the age of 12 do not need to show proof of vaccination. If you're not fully vaccinated, you'll need to show proof of a negative COVID-19 RT PCR test result issued within the 72 hours (3 days) before departure, or a rapid lateral flow test up to 24 hours before arriving in Ethiopia.	https://www.gov.uk/foreign-travel-advice/ethiopia/entry-requirements
Finland	Person may be granted entry into Finland from any country if they present 1) a certificate of a complete and valid vaccination seriesLink to an external website, Opens in a new tab. At least 7 days must have passed since the last vaccine dose has been received OR 2) a single certificate that the person has recovered from covid-19 virus and has gotten one dose of valid vaccineLink to an external website, Opens in a new tab. It is equated to a complete covid-19 vaccination series. OR 3) EU digital COVID certificateLink to an external website, Opens in a new tab that proves the person has recovered from covid-19 within 6 months. 4)All the above-mentioned requirements apply to persons born in 2006 or earlier.	https://raja.fi/en/guidelines-for-border-traffic-during-pandemic#3externalborder
France	Since February 12, 2022, 1) For travelers vaccinated within the meaning of European regulations, no more tests is required on departure. Proof of a complete vaccination schedule becomes sufficient to arrive in France, regardless of the country of origin, as was the case before the distribution of the Omicron variant.2) For unvaccinated travellers, the obligation to present a negative test to travel to France remains, but the measures on arrival (test, isolation) are lifted when they come from countries on the "green" list, characterized by a moderate circulation of the virus.3) When unvaccinated travelers come from a country on the "orange" list, they must continue to present a compelling reason justifying the need for them to come to mainland France and may still be subject to a random test on arrival. Travelers who test positive will have to isolate themselves, in accordance with the recommendations of the Health Insurance.	https://www.interieur.gouv.fr/covid-19-international-travel
Gabon	Travelers are not required to take a negative COVID-19 test (PCR and/or serology) result.	https://ga.usembassy.gov/u-s-citizen-services/coronavirus-update/
Gambia	Vaccinated travellers are not required to have a negative COVID-19 test result before arrival in the Gambia.	https://gm.usembassy.gov/covid-19-information/
Georgia	From March 1, 2022, citizens of all countries, traveling by air, land, or sea from any country may enter Georgia if they present the document confirming the full course of any COVID-19 vaccination **OR** present a negative PCR test taken within 72 hours (96 h)	https://georgia.travel/en_US/article/covid-travel-alert
Germany	People who are fully vaccinated against the coronavirus (SARS-CoV-2) with vaccines approved by the European Medicines Agency (EMA) (or equivalents of these vaccines used in non-EU countries) can enter Germany from non-EU countries (with the exception of China due to the lack of possibility of mutual entry). Such individuals can also enter Germany for the purpose of visits or tourism. Fully vaccinated individuals as defined above can apply for visas at a German mission abroad if required.	https://www.bmi.bund.de/SharedDocs/faqs/EN/topics/civil-protection/coronavirus/travel-restrictions-border-control/IV-restrictions-applying-to-air-and-sea-travel-outside-of-europe/what-rules-apply-for-fully-vaccinated-people.html
Ghana	Vaccinated travelers do not need to show a negative COVID-19 test.	https://gh.usembassy.gov/ghana-covid-19-information/

Greece	From 15 March 2022 onwards, travellers visiting Greece are no longer required to fill out the Passenger Locator Form (PLF). Additionally, as of Sunday 01.05.2022 and for as long as the epidemiological data allow so, all travellers arriving in Greece, regardless of their country of origin, are no longer required to display a valid certificate of vaccination or recovery from COVID-19, or evidence of a negative test result from SARS-CoV-2 infection (PCR or Rapid Antigen test).	https://travel.gov.gr/#/
Grenada	State of emergency revoked and all travel protocols lifted on 04th April 2022.	https://bb.usembassy.gov/covid-information-grenada/
Guatemala	Effective March 11, 2022, the Government of Guatemala has imposed the following COVID-related entry requirements: Passengers who are Guatemalan citizens, foreigners, residents, accredited diplomats, or airline crew whose final destination is Guatemala must present one of the following: For all travelers aged 12 and over: Evidence of receiving a complete two-dose COVID-19 vaccination course (or one dose for Johnson & Johnson), with the final dose being administered at least two weeks before beginning your trip to Guatemala; or For all travelers aged 10 and over: Proof of a negative COVID-19 PCR or antigen test from a certified lab conducted no more than three (3) days prior to check in at the airport or arrival at the land border.	https://gt.usembassy.gov/alert-covid-19-2/
Guinea	The Ministry of Health announced on 11 March 2022 that fully vaccinated travellers entering or leaving Guinea are not required to show proof of a negative certificate from a polymerase chain reaction (PCR) test.	https://www.gov.uk/foreign-travel-advice/guinea/entry-requirements#entry-rules-in-response-to-coronavirus-covid-19
Haiti	Haiti is putting new COVID requirements in place as of April 25, 2022. Fully vaccinated visitors will no longer need to present a negative COVID-19 antigen or PCR test taken within 72 hours of travel. But the testing requirement will stay in place for unvaccinated visitors.	https://www.mspp.gouv.ht/
Honduras	Effective June 2, 2021, The Government of Honduras has updated its requirements for entry into the country. All travelers must still complete the online pre-check form, but fully vaccinated individuals with their original vaccination certificate are no longer required to provide proof of a negative COVID test upon entry in Honduras. 1)Proof of Full Vaccination: Passengers must provide the original vaccination certificate documenting complete COVID-19 vaccination (two doses of most vaccines; one dose of Johnson & Johnson) with at least 14 days after receipt of the final dose. 2)COVID-19 Test: Passengers who cannot provide proof of full vaccination must hand-carry the negative test results for a PCR, Antigen or ELISA COVID-19 test taken less than 72 hours before entry into Honduras. Passengers must show the test results at check-in.	https://hn.usembassy.gov/covid-19-information/
Hungary	On 7 March 2022, Government Decree No. 77 of 2022 (III. 4.) on the termination of certain safety measures against the coronavirus pandemic entered into force, which repealed Government Decree No. 408 of 2020 (VIII. 30.) on travel restrictions during the period of state of epidemiological preparedness. In accordance with this, it is possible to enter the territory of Hungary by public road, railway, water and air traffic – regardless of citizenship and protection against the coronavirus –, but other general conditions of entry (e.g. a valid travel document) must be provided.	https://www.police.hu/en/content/for-the-attention-of-travelers
Iceland	There are no COVID-19 restrictions in Iceland, either domestically or at the border.	https://island.is/en/p/entry
India	Fully vaccinated travelers from 88 countries/regions with COVID-19 vaccination certificates issued from these countries are not required to provide proof of a negative COVID-19 test result before traveling to India. Travelers must upload their COVID-19 vaccination certificate through the Air Suvidha portal.	GuidelinesforInternationalarrivalsupdatedon10thFebruary2022.pdf (mohfw.gov.in)

Iraq	Effective April 1, 2022, outbound and inbound travelers above the age of 12 to all federal Iraq and Iraqi Kurdistan Region airports must present a certificate of vaccination showing at least two doses of one of the COVID-19 vaccines or one dose of Johnson & Johnson's Janssen COVID-19 vaccine. If a traveler is unvaccinated, then they are required to provide medical reports on why they cannot get vaccinated and show a negative COVID-19 PCR certificate valid within 72 hours of travel.(Last updated: 15 May 2022)	https://iq.usembassy.gov/covid-19-information/
Ireland	From Sunday 6 March 2022, travellers to Ireland are not required to show proof of vaccination, proof of recovery or a negative PCR test result upon arrival. There are no post-arrival testing or quarantine requirements for travellers to Ireland	https://www.gov.ie/en/publication/77952-government-advice-on-international-travel/#passengers-arriving-into-ireland-from-outside-eueea-eu-iceland-lichtenstein-and-norway
Isreal	As of Friday, May 20, at midnight (on the night between Friday and Saturday, May 21), the following guidance will take effect: It will not be required to present a negative result on a COVID test before boarding a flight to Israel or a cruise to Israel or before arriving at an Israeli land border crossing.	https://corona.health.gov.il/en/abroad/arriving-foreign-nationals/
Italy	Starting 1 May, for entry into Italy it will be enough to present the COVID-19 Green Certificate (vaccination certificate, recovery certificate, or negative molecular or antigen test), or any other equivalent vaccination certificate recognized.	https://www.esteri.it/en/ministero/normativaonline/focus-cittadini-italiani-in-rientro-dall-estero-e-cittadini-stranieri-in-italia/
Jamaica	The requirement for travellers to present a negative COVID test prior to travel has ended on 15 April. All travellers arriving in Jamaica may still be tested for COVID-19 if assessed as high-risk as a result of exhibiting symptoms, exposure to people who have tested positive, belonging to a high-risk group or other risk factors. Travellers may be screened for symptoms at the airport.	https://www.gov.uk/foreign-travel-advice/jamaica/entry-requirements
Jordan	The government announced on 17 Feb 2022 that travelers to the Kingdom, whether Jordanians or foreigners, are no longer required to undergo a PCR test upon arrival to the Kingdom via any entry point.	http://international.visitjordan.com/MediaCenter/ShowNews/33#news
Kenya	FROM 11th March 2022, All travelers arriving into Kenya through any point of entry must have a certificate of COVID 19 vaccination.All travelers coming to Kenya who are fully vaccinated shall be exempt from the requirement of a PCR test.	https://www.kcaa.or.ke/sites/default/files/covid-19/documents/COVID-19_TRAVEL_REQUIREMENTS_13.3.2022.pdf
Kuwait	Negative COVID-19 test (PCR) is no longer required for entry.	https://kw.usembassy.gov/covid-19-information/
Kyrgyzstan	Travelers no longer need to provide a negative PCR test result or a certificate of vaccination to be permitted entry into the Kyrgyz Republic	https://kg.usembassy.gov/covid-19-information/
Latvia	From April 1, when entering Latvia, you will not need a COVID-19 certificate or test.	https://www.spkc.gov.lv/lv/valstu-saslimstibas-raditaji-ar-covid-19-0
Lebanon	Fully vaccinated travelers are not required to have a negative COVID-19 test result before traveling to Lebanon.	https://www.moph.gov.lb/en/MoPHPASS
Lithuania	FROM 1st MAY 2022: Travelers arriving in Lithuania from any country of the world will no longer be subject to any COVID-19 management requirements: 1)you will no longer need to take the COVID-19 test before the trip, even if you are not vaccinated or recovered from COVID-19; 2)you will not need to fill in the questionnaire; 3)foreigners are not prohibited from entering.	https://nvsc.lrv.lt/en/information-on-covid-19/for-arrivals-from-abroad

Luxembourg	From 22 April 2022, the additional health measures for travel by air to the Grand Duchy are repealed. Thus, persons (of all nationalities) aged 12 years and 2 months or over, authorised to enter Luxembourg, are no longer required to present, upon boarding, a vaccination certificate, a certificate of recovery or the negative result of a nucleic acid amplification test (NAAT) for the detection of SARS-CoV-2 viral RNA carried out less than 48 hours before the flight, or of a SARS-CoV-2 rapid antigen test carried out less than 24 hours before the flight.	https://covid19.public.lu/en/travellers/visiting-luxembourg.html
Malaysia	Starting 1 May 2022, fully-vaccinated inbound travellers are no longer required to undergo pre-departure and on-arrival COVID-19 tests, including children aged 12 and below as well as for those who have been infected with COVID-19 within six to 60 days before departure to Malaysia.	https://www.malaysia.travel/travel-alert
Maldives	Effective from March 13th, 2022, PCR is not mandatory to enter the Maldives.	https://immigration.gov.mv/faq-for-visiting-the-maldives/
Mali	To enter Mali you will need proof of a "complete COVID vaccination" (i.e. usually at least two doses). If you do not have proof of a complete vaccination, you need to present a negative COVID test (PCR) certificate less than 72 hours old.	https://www.gov.uk/foreign-travel-advice/mali/entry-requirements
Malta	Fully vaccinated travelers arriving from United States (see 104 additional countries) are not required to have a negative COVID-19 test result. Travelers must have a valid vaccination certificate that is accepted by the Maltese Ministry of Health.	https://deputyprimeminister.gov.mt/en/health-promotion/covid-19/Pages/travel.aspx
Mexico	Travelers are not required to provide proof of a negative COVID-19 test result before traveling to Mexico. Travelers who are connecting through a different country on the way to Mexico should check the testing requirements of the country they are transiting through.	https://embamex.sre.gob.mx/eua/index.php/en/2016-04-09-20-40-51/tourism/1760-mexico-s-covid-19-monitoring-system
Monaco	Anyone aged 16 or over, whatever their nationality, who enters the Principality and comes from a foreign country classified in the green zone must present: 1) Either the negative result of a PCR or antigen test of less than 24 hours 2) Or a complete vaccination; 3) Or proof of a covid19 recovery certificate: positive PCR test older than 11 days and less than 6 months.	https://covid19.mc/en/travel/i-come-from-abroad/
Mongolia	COVID-19 related restrictions for entry have been lifted. Negative COVID-19 PCR tests before and after arrival are no longer required.	https://www.gov.uk/foreign-travel-advice/mongolia/entry-requirements#entry-rules-in-response-to-coronavirus-covid-19
Montenegro	As of March 11, 2022 no proof of vaccination, COVID-19 passports/certificates or COVID-19 tests are required to enter Montenegro.	https://me.usembassy.gov/covid-19-information/
Mozambique	All passengers and crew arriving in the country must: 1)present a certificate proving complete vaccination against SARS COV-2 or proof of a negative Polymerase Chain Reaction test (PCR) for SARS COV-2, valid for 72 hours on arrival in the country; or 2)perform the Antigen-based Rapid Test upon entry into the country, at their own expense, for those who do not present a certificate proving complete vaccination against SARS COV-2 or a valid PCR test; an 3)citizens with a positive result in paragraph 2) must comply with home isolation, at their own expense, according to the rules of the health authorities.	https://mz.usembassy.gov/covid-19-information/
