

## DANGEROUS GOODS PANEL (DGP)

### TWENTY-SECOND MEETING

Montréal, 5 to 16 October 2009

**Agenda Item 2: Development of recommendations for amendments to the *Technical Instructions for the Safe Transport of Dangerous Goods by Air* (Doc 9284) for incorporation in the 2011-2012 Edition**

### RECOMMENDATION TO ENHANCE USER-FRIENDLINESS OF THE TECHNICAL INSTRUCTIONS

(Presented by H. Al Muhairi)

#### SUMMARY

This paper proposes to make the *Technical Instructions for the Safe Transport of Dangerous Goods by Air* (Doc 9284) become more user friendly.

**Action by the DGP:** The DGP is invited to provide feedback on proposals for improving the user-friendliness of the Technical Instructions.

## 1. INTRODUCTION

1.1 The Technical Instructions are the standard document and essential reference used by ICAO Member States to govern the transport of dangerous goods by air. While revisions to its contents enhance the transport of dangerous goods, it is suggested the panel consider ways of making the document more user-friendly. Introducing consecutive page numbering and tabs to its chapters could enhance user-friendliness and ease of reference. The panel is invited to provide feedback on this proposal.
