

**WORKING PAPER**

**DANGEROUS GOODS PANEL (DGP)**

**TWENTIETH MEETING**

**Montréal, 24 October to 04 November 2005**

**Agenda Item 2: Development of recommendations for amendments to the Technical Instructions for the Safe Transport of Dangerous Goods by Air (Doc 9284) for incorporation in the 2007-2008 Edition**

**PROVISION OF INFORMATION**

(Presented by J. Abouchaar)

**1. INTRODUCTION**

1.1 Part 7; 4.7 requires that an operator must ensure that notices providing information about dangerous goods are prominently displayed at cargo acceptance areas.

1.2 Unlike the equivalent provision of information for passengers, 7; 5.1.2, there is no recognition that for cargo acceptance the facility may be under control of a handling agent. Many operators use the services of a handling agent for the acceptance of cargo, including dangerous goods, as they use a handling agent for processing of passengers, it is therefore appropriate that the provision of information in cargo acceptance areas reflect that fact.

**2. PROPOSAL**

2.1 Align the text of Part 7;4.7 with the text in 7; 5.1.2 by amending it as follows:

An operator or his handling agent ~~shall~~ must ensure that notices sufficient in number and prominently displayed, are provided at acceptance points for cargo giving information about the transport of dangerous goods.
