

## **DANGEROUS GOODS PANEL (DGP)**

### **TWENTY-SEVENTH MEETING**

**Montréal, 16 to 20 September 2019**

#### **Agenda Item 2: Managing air-specific safety risks and identifying anomalies**

##### **2.2: Develop proposals, if necessary, for amendments to the *Technical Instructions for the Safe Transport of Dangerous Goods by Air (Doc 9284)* for incorporation in the 2021-2022 Edition**

#### **SUBSIDIARY HAZARD OF UN 3547**

(Presented by Aidong Song)

#### **SUMMARY**

This working paper proposes to add “See 2;0.6” against UN 3547 in the subsidiary hazard column of the list of n.o.s. and generic proper shipping names contained in Attachment 1;2.

**Action by the DGP:** The DGP is invited to consider adding “See 2;0.6” against UN 3547 in the subsidiary hazard column of the list of n.o.s. and generic proper shipping names as shown in the appendix to this working paper.

### **1. INTRODUCTION**

1.1 UN 3547, **Articles containing corrosive substance, n.o.s.\***, may be only Class 8, or may also have subsidiary hazard, such as subsidiary hazard Class 3 or Division 6.1.

1.2 “See 2;0.6” appears against UN 3547 in the subsidiary hazard column of Table 3-1 (Dangerous Goods List). However “See 2;0.6” does not appear against UN 3547 in the list of n.o.s. and generic proper shipping names in Attachment 1;2.

1.3 It is therefore suggested that “See 2;0.6” be added to the subsidiary hazard column against UN 3547 in the list of n.o.s. and generic proper shipping names contained in Attachment 1;2.

2. **ACTION BY THE DGP**

2.1 The DGP is invited to consider adding “See 2;0.6” against UN 3547 in the subsidiary hazard column of the list of n.o.s. and generic proper shipping names as shown in the appendix to this working paper.
