

## **DANGEROUS GOODS PANEL**

**Frankfurt, 16 to 20 September 2002**

### **Agenda Item 2: Development of recommendations for amendments to the Technical Instructions for incorporation in the 2005/2006 edition**

#### **CONTENT OF TRAINING COURSES**

(Presented by G. A. Leach)

#### **1. INTRODUCTION**

1.1 Two anomalies have been noted in the Key and associated Note related to Table 1-4 "Content of training courses".

1.1.2 Firstly, Category of personnel column 5 refers to security staff who deal with the screening of passengers and their baggage. It is questioned why this does not extend to security staff who deal with cargo.

1.1.3 Secondly, the Note suggests that cargo operators need not train their flight crews in aspects relating to passengers. However, part 8 of the Technical Instructions is entitled "Provisions concerning passengers and crew". Consequently, it is suggested that flight crew of cargo aircraft should receive training in this area.

#### **2. PROPOSAL**

2.1 It is proposed to amend the Key to Table 1-4 as follows:

"5- Passenger-handling staff and security staff who deal with the screening of passengers and their baggage; and security staff who deal with the screening of cargo."

2.1.1 It is further proposed to amend the Note under the Key to Table 1-4 as follows:

"Note - Depending on the responsibilities.....should be familiar. ~~If an operator carries only cargo, those aspects relating to passengers may be omitted from staff and flight crew training.~~
