# RASGs/COSCAPs/RSOOs/RAIOs Work Plan 2016 and beyond

- Regional ICAO safety groups, programmes and projects are aligned and coordinated by ICAO Regional Offices with guidance and technical support from ANB, in cooperation with regional safety organizations
- Regional mechanism objectives to support regional implementation of GASP and State implementation of regional safety targets, in collaboration and without duplication
- RASGs focused on regional safety high risk priorities and States with SSCs and low EIs
- COSCAPs and RSOOs focused on State implementation of safety oversight systems (RAIOs for AIG)
- RASG outputs – regional annual safety reports, safety advisories, safety enhancement initiatives, detailed implementation plans, projects and workshops
