# **FAA Africa Objectives and Initiatives**

**Nineteenth Steering Committee**

May 23, 2017

# FAA Strategic Objectives

- **FAA's goals and objectives are developed in consultation with key African States and stakeholders, as well as ICAO's AFI Plan and Abuja Safety Targets.**
- **FAA's key objectives are:**
  - FAA's Flight Standards Service: providing technical assistance and training to advance compliance with ICAO SARPS– Annexes 1, 6, and 8.
  - FAA's Air Traffic Organization: improving CNS/ATM in Africa to achieve seamless, harmonized global operations.
  - FAA's Air Traffic Safety Oversight Service: increasing effective implementation of ICAO SARPs by sharing implementation strategies with states for conducting effective oversight of ANSPs.
  - FAA's Airports Organization: reducing runway incursions and excursions, mitigating wildlife hazards, managing pavement maintenance, and planning aerodrome emergency response mechanisms.

# FAA 2017 Initiatives: Completed

- To advance these common objectives, FAA conducted a combination of training programs, technical assistance, and workshops in coordination with SSFA, ICAO, AFCAC, CANSO, IATA, and RSOOs, for states in the region with specific, well-defined needs.
  - Inspector Training System (ITS) **Botswana** (November 2016)\*
  - Surveillance Course **Rwanda** (December 2016)\*
  - Surveillance Courses **South Africa** (March 2017)
  - NGAP Workshop **Senegal** (March 2017)\*
  - Aerodrome Certification Workshop **Cameroon** (April 2017)\*
  - Instructor Effectiveness Training (IET) **BAGASOO** (May 2017)\*

\* Conducted with SSFA support.

# FAA 2017 Initiatives: Upcoming

- Aviation English Instructor Training **Senegal** (June 2017)\*
- NGAP Workshop **Kenya** (July 2017)\*
- ATS Incident Analysis Workshop **Nigeria** (August 2017)\*
- ICAO GSI Operations Course **BAGASOO** (Summer 2017)\*
- ICAO GSI Personnel Licensing **BAGASOO** (Summer 2017)\*
- ICAO GSI Airworthiness Course **BAGASOO** (Summer 2017)\*

\* Conducted with SSFA support.

# FAA 2017 Initiatives: Upcoming

- Building Effective Safety Oversight of Aeronautical Information Services (AIS) and Aeronautical Information Management (AIM) (August 2017) \*#
- GOLD Manual/PBCS/Data Link (September 2017) \*#
- Aerodrome Safety & Certification (September 2017) \*#

\* Conducted with SSFA support. # Location TBD

# FAA Workshops and Training

- With your support, we have made significant progress during the past year in redesigning workshops to address obstacles to implementation of best practices, processes and procedures in the workplace.
- Your feedback and responses to our surveys aids in the development and modification of course material which then fosters the delivery of interactive workshops that include case studies, group exercises, and on-site demonstrations.

# CORSIA

- FAA is committed to ongoing support of ICAO's CORSIA initiative and we are ready to move forward with implementation.
- We are pleased to be working with AFCAC to create and deliver a workshop on State Action Plan development and implementation.
- We congratulate Kenya, Burkina Faso, Zambia and Gabon for agreeing to voluntarily participate in the CORSIA Pilot phase from 2021.

Federal Aviation  
Administration

A large commercial airplane is shown in flight, positioned in the upper right quadrant of the image. The background features a stylized globe with various colors (blue, green, yellow) and a network of white lines representing flight paths. Several smaller white airplane icons are scattered across the globe. The overall design is modern and dynamic, with wavy lines and a bright color palette.

**Thank you**
