FAA's Engagement in Africa

July 15, 2021

Braks Etta, FAA Senior Representative in Africa

Overview of FAA Engagement

- **Work program is the product of:**
 - Feedback from ICAO, AFCAC, RSOOs, and individual States.
 - FAA participation in regional meetings.
- **Support ICAO initiatives and advance the AFI Plan.**

Overview of FAA Engagement

- **Since the 23rd AFI Steering meeting, July 2020:**
 - The FAA has presented several webinars and offered virtual instructor-led and web-based training courses across the region.
 - Continued engagement with BAGASOO/Ghana to improve its regional training capabilities.
 - FAA/ICAO subject matter expert meetings (Airports, Airworthiness).
 - FAA/ASECNA technical exchange meetings.
 - FAA/AFCAC subject matter expert meeting on CORSIA related topics.

Looking Forward

- **Continue to evolve our engagement to meet the needs of a changing environment.**
- **Increasingly use data to inform decision making and measure progress.**
- **Incorporate input from the region to inform how we address topics of strategic interest.**

**We welcome and encourage your
feedback and suggestions**

Planned 2021/22 Activities

- **On-the-Job training (OJT) course.**
 - Ghana Aviation Training Academy (GATA) Instructional Systems Design (ISD) Specialists to meet with the FAA Aviation Safety/Workforce Development Office for joint development of OJT course to acquire TRAINAIR status
- **FAA/ICAO Airport Runway Safety webinars.**
- **FAA UAS webinar TBD.**
