Dated : 04th February, 2009

Dear Sir,

language proficiency IMPLEMENTATION PLANS
FOR 2009

1. Reference your e-mail, regarding number of personnel assessed for English Language Proficiency Rating.

2. Personnel Licensing Office, CAA has set 30th March 2009 as the deadline for English language proficiency screening. Civil Aviation Authority signed contract with a private testing concern “Ensign Communique” to screen and test the General Aviation pilots, which is smoothly in progress. Airlines are assessing their pilots through there approved testers. Two in-house teams of trained testers are formed to assess and screen the Air Traffic controllers, whose assessment results are expected in next 15 days. Right now, out of 850 airline pilots 177 and 29 out of 200 general aviation pilots are screened and endorsed.

Regards.

Yours faithfully,

S/D
