1. Introduction

1.1 This paper presents an amendment to Annex I to the SADIS Agreement as a result of recommendations of the METP-WG/MOG, at its Sixth Meeting (Offenbach, Germany, 10 to 11 April 2018).

2. Discussion

2.1 As noted in the METP-WG/MOG/4, to prevent any inconsistencies that have been proposed in the annual review of the SADIS inventory (Annex II of the SADIS Agreement), the annual review process has addressed both Annexes.

2.2 A small additional change to include the dissemination of Space Weather forecasts (once available) is proposed, in addition to that which was agreed at METP-WG/MOG/6.

3. Action by the group

3.1 The Group is invited to review the proposed amendments to Annex I of the SADIS Agreement in the attachment to this working paper.
