

Vicky Princz

Ms. Vicky Princz is an Instructional Design Specialist in ICAO's Global Aviation Training (GAT), responsible for the development of ICAO Training Packages (ITPs). She collaborates with ICAO Bureaus to ensure that ITPs comply with relevant ICAO provisions and the competency-based training methodology. Ms. Princz holds a Master's degree in Educational Technology.

Prior to joining GAT, she managed training projects with multiple stakeholders at the Bombardier Aerospace Training Center, and CAE. Her instructional design experience in the highly regulated field of transportation is enhanced by an earlier consultancy that provided opportunities to develop innovative training courses in banking, pharmaceutical training, retail, government, communication technology, and non-profit organizations. She has 25 years' experience in instructional design, working in the private and public sphere, including 10 years in aviation training.
